

Probationary Judges will acquire CSA score sheet and compare and contrast it with the AOS scoresheet

The CSA score sheet is break down on 4 scale:

CSA Total Points	Flower Form	Color of Flower	Other Characteristics
General scale	30	30	40
Standard Cymbidium	36	36	28
Novelty Cymbidium	20	20	60
Miniature Cymbidium	20	20	60

The CSA score, General scale total points allocation is similar than the AOS Cymbidium scale. The AOS Cymbidium scale allocated 40% to other characteristics while the CSA Standard Cymbidium scale just give 28%.

Comparing the flower color on the Standard Cymbidium and the AOS Cymbidium score, the CSA allocated half of the points to sepals and petals color and the general color is half of the total points of the sepals, petals and lip.

Other characteristic on the CSA score included appearance of foliage and overall charm & distinction.
