"I bought this Orchid. Now What?"

Presentation by Tim Brown

So,
you bought an orchid. Nice.
Or maybe it's
not your first
one because
after your first
one died you still wanted
another one. But you
want to keep this
one alive a little
longer. What can
you do to make
it last and keep it healthy and
happy and thriving and make it look
as good as the day you brought it home.
Tim Brown knows. He is an expert
in this type of thing and he's
not afraid to tell us all of his
secrets to make orchids live
a long and beautiful life. Or
at least a longer life that
that last orchid you got.
So come to the October
meeting and all will be revealed.
